

CLASS 75 ENDLESS SLINGS - TYPE FIVE

Class 75 endless slings are available in widths up to 6". Endless slings give the advantage of longer life because the "wear point" revolves around the circumference as it is repeatedly used. Best used in lengths of ten feet or less, endless slings are the real workhorse of the machine shop and maintenance group. Endless slings with a width of three inches or more can be tapered at bearing points to fit crane hooks.

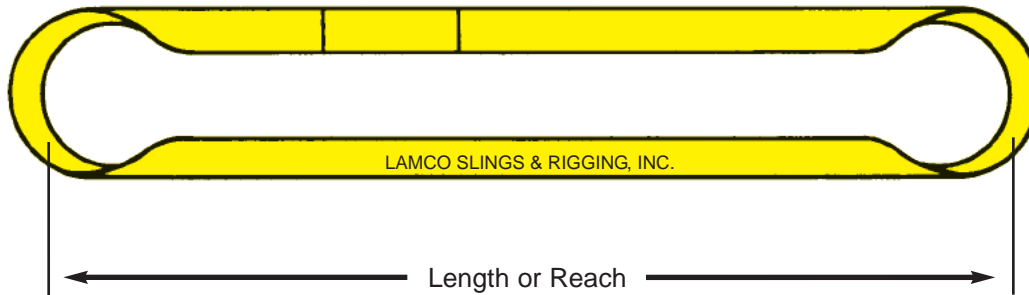

ALL CLASS 75 WEBBING CONTAINS RED WARNING YARNS THAT, WHEN EXPOSED, INDICATE REMOVAL FROM SERVICE.

STOCK NO.	WIDTH	OPTIONAL TAPER	RATED CAPACITY IN LBS.

Wear pads and sleeves are available. See page 18.

CLASS 98 ENDLESS SLINGS - TYPE FIVE

Class 98 endless slings are available in widths up to 12". Class 98 webbing is stronger than class 75 and not quite as pliable. With slightly thicker fiber than class 75, these slings will withstand more wear. Available in nylon or polyester webbing.

ALL CLASS 98 WEBBING CONTAINS RED WARNING YARNS THAT, WHEN EXPOSED, INDICATE REMOVAL FROM SERVICE.
